No obstacle may be set at a lower height than the obstacle preceding it.

The competition is judged under Table A not against the clock with a time limit of two minutes.

In the event of a disobedience, the competitor must restart the course at the obstacle where the error occurred, but may make his/her approach at an angle from outside the space between the obstacles and is not required or allowed to take any of the previous obstacles again.

If an obstacle is disturbed as the result of a disobedience, the procedure in Rule 251.4 must be applied, but no time penalty is incurred.

In the event of equality of faults for first place there will be up to four successive jumps-off not against the clock. The first jump-off must be over all six obstacles, but the course may be reduced progressively for each further jump-off to a minimum of three obstacles by removing in succession first, second and third obstacles.

The Judge at his/her discretion may terminate the competition after the third jump-off. In the event of equality of faults in the final jump-off competitors are placed equal and divide the prize money.

Points are awarded as follows:

One point for obstacle No. 1 cleared, two points for No. 2, three points for No. 3 etc. with total of 21, 36 or 55 points.

No point is awarded for an obstacle knocked down. Faults other than knock-downs are penalised as for Table A and any of these faults, including time faults, are converted into points and deducted from any jumping points scored.

In the event of equality of points for first place, there will be a jump-off against the clock over a shortened course, over obstacles that may be increased in height and/or spread. The obstacles in the jump-off must be jumped in the same order as in the first round and retain their respective points allotted in the first round.

This competition may also take place directly against the clock.

For the last obstacle of the course, an alternative obstacle may be provided, of which one part may be designated the Joker. The Joker must be more difficult than the alternative obstacle and carry double points. If the Joker is knocked down, the points must be deducted from the total.
